## A Finishing Touch

A wall plate is a design detail that's worthy of a little extra attention. Make it a part of the total design scheme. Imaginative and eye catching, Susan Goldstick light switch covers add style to wall decor with beautiful colors and a hint of sparkle from shimmering crystals.

## So smooth...

Combine a beveled glass cut with our jewel tone finishes and the effect is stunning. What a perfect accent for glass tiles and surfaces in kitchens and baths!

Cleo Ruby/Silver

Cleo Periwinkle/Jade

Cleo Amber/Jade

Cleo Jade/Garnet

Created to coordinate with our decorative hardware and furnishings, our switch plates and outlet covers are constructed from various materials, including cast resin, metal and beveled glass. Available in multiple configurations with matching screws, they are the perfect accent for painted walls, white backdrops, and tiled surfaces.
